Spring 2016

Message from the President:

It is with great enthusiasm that I take over the presidency of the Valley Forge Alumni Association from Linda Reik-Brown. Linda's dedication to this association has been a wonderful gift and I will rely on her help as she remains Vice President and head of the reunion committee.

I have always known that those formative high school years were the best years of my life and it is due to the strength of the relationships I was fortunate to have during those years; both with my peers, as well as with faculty. I still find it impossible to drive by the school without having mental flashbacks about my years there. It has now been forty-three years since I roamed those hallways as a student, and yet, as I walk through those hallways again now, those years seem to fade away. The classrooms haven't really changed. The cafeteria and gym look the same. Of course, there are changes that have taken place over those intervening years, but they don't disturb my memories of the school. And even though I attended college, grad school, and worked for 40 years, my closest and dearest friends come from those three, very short, years at Valley Forge. I hope that in the near future, more alumni make the effort to re-connect with friends you haven't seen (be it within a day or two, or if it's been years) through this association. Find them by joining us on our Facebook page, Valley Forge High School Alumni (OHIO), or visit our webpage <http://www.vfalumni.org>. There are already over 3,200 of us on that page. Help us find friends we have lost track of by responding to a new section of this newsletter called **"Whatever Happened to..."**

I have a vision for the future of the Association that includes higher visibility within the school for the upcoming classes, as well as within the community-at-large. This means being visible at Valley Forge school functions and at Parma Hts. and Parma community functions. We have such a large number of alumni (now over 25,000 graduates), and yet participation in alumni activities is relatively small. There are always opportunities, short-term or longer-term, to participate in the alumni association, whether you'd like to be an officer, committee member, or maybe just offer to volunteer for a single event. Some opportunities to serve are available even if you are not local! I want to remind everyone of their years at Valley Forge and rekindle that "Patriot" spirit in all of us.

Come. Join us. Participate. Rekindle that VF Spirit!

Go Patriots!

On November 22, 1853 there was a vote taken for the construction of local High School. Only 16 men voted for it and it was not built. Thus, for many years students who attended high school continue to their education, traveled into Cleveland with the township school board paying for their continuing education. Over time the importance of the sub-district numbers was replaced by local names given by local residents. For example, sub-district number 8 was called 'Center School' or 'Town Hall School' and number 1 was 'Maple Grove'.

With the passage of the 'Workmen Law' in 1892, the sub-district school elected members began to lose local control of the school house. Each school house was considered a 'district school' in the township with an assigned district number. In 1900, the sub-districts were abolished and they had no influence in school board decisions by 1904. All five members of the school board were elected by the residents in 1905. This was one of the root causes that led to the establishment of Parma Heights Village Board of Education in 1912. It existed only until 1917 and students in Parma Heights Village returned to the Parma Rural School District. Students in Seven Hills Village began to attend classes in the Parma Schools in 1928. Parma became a City in 1931, the name was changed to the Parma City Schools.

In 1919, a special election was held and approved to issue bonds to build three consolidated schools to replace the nine individual school houses. The old district school houses were sold. In 1921, the three new consolidated schools were opened on Pearl, Ridge, and State Rds. The school age population kept growing and more buildings had to be built, with that trend continuing to the present day. The Parma schools are one of the few districts to have built six high schools: No. 8, Ridge, Schaaf, Parma Sr., Valley Forge, and Normandy.

We are always looking for fun, low-cost events to bring our Patriot family together for an evening! Maybe you already have a group of alumni friends that get together and would like to expand the fun! If you have suggestions, please send them by email to: Patriots@vfallumni.org.

The Valley Forge Alumni Association wishes to congratulate recent graduates Samuel Garrett and Amanda Primozik, (pictured here with VFAA President Rick **Meeks, Class of '73**) the recipients of the **2016 VF Alumni Freedom Scholarship** and Liberty Scholarship, respectively.
